

HOW CAN TMS FURTHER SUPPORT AND PROMOTE YOUR WORK?

Here at Team Management Systems (TMS), we understand that our most valuable resource is the international network of TMS-accredited members and are constantly looking for ways to further support and promote your work. The three options below are free services that TMS provides to do just that.

TMS NETWORK MEMBER DIRECTORY

Are you looking for ways to promote your business?

We would like to offer you the opportunity to advertise your organisation and services online, through our [Directory of Accredited TMS Network Members](#) across Australia, The Americas and the Asia Pacific.

How can the Directory benefit you as a Network Member?

With a monthly average of over half a million hits, the TMS website reaches a wide audience. With this exposure in mind, a number of TMS Network Members have already taken the opportunity of free advertising for themselves and their organisation.

There is a range of listing options available, from a simple business name listing only through to a full colour web page with corporate logo and links to your website. All listing options, including those with html page design, are provided as a free service to Network Members.

If you are interested in finding out how you can feature your business in the Network Member Directory, please phone TMS on +61 (0) 7 3368 2333, e-mail tms@tms.com.au or [request further information online](#). We look forward to promoting your business online.
